

POSITIVE ATTITUDES CONCERNING EDUCATION AND SOCIALIZATION (PACES) PROGRAM

ALL ways able.

Expands Services to Include Deaf, Hard of Hearing, **and** Hearing Non-Verbal Students on the Autism Spectrum

ASD's Autism Program is the *first of its kind*. We are uniquely positioned to meet the individual needs of **ALL** students with Autism.

The American School for the Deaf (ASD) provides a **comprehensive, strength-based** approach to educate and support the social development of children with Autism Spectrum Disorder.

At ASD, you will find:

- A visual bilingual model (**American Sign Language and English**) to best support the acquisition of language and communication skills
- Intensive Speech and Language Therapy, Audiology Services, Occupational Therapy, Physical Therapy, and Behavioral and Clinical Supports
- A culturally, linguistically, and sensory accessible learning environment **ideal** for students with Autism
- A **proven** Positive Behavioral Interventions and Supports (PBIS) Reinforcement Framework
- Interventions and supports best aligned for students requiring non-verbal communication modalities
- A sensory supported learning and social skills environment
- Services for students between the ages of 3-21
- 215 Educational Day Program
